Date : 2/8/2023

Notice

All faculties and students are informed one week STTP on Real-Time Product Development using AR VR and IOT is scheduled as follows:

Date	Time	Topic to be Covered
7/8/2023	10 am to 5pm	a. Introduction to AR. b. AR vs VR. c. Unity Installation d. Marker-based Augmented Reality e. Real-time AR Project
8/8/2023	10 am to 5pm	a. Introduction of IOT b. Real-time Application c. How to Interface Different Components to Microcontroller
9/8/2023	10 am to 5pm	a. Real-Time Product Using AR & IOT b. Introduction of VR c. Physics
10/8/2023	10 am to 5pm	a. modeling and Texturing b. Environment Design
11/8/2023	10 am to 5pm	a. Introduction of Meta Device b. Advance VR Development c. Project development in meta device
12/8/2023	10 am to 1pm	Validation and certificate distribution

Invitation

Dear Mr. Rahul Gupta,

It is my pleasure to invite you to a one-week STTP on "Real-Time Product Development using AR, VR & IOT" that is scheduled to take place on 7th to 12th August 2023 at AGTI's Dr. Daulatrao Aher College of Engineering, Karad. The program is aimed at providing a platform for faculty, students, and research scholars.

The course provides an overview of AR, VR and IOT concepts, Product development insight Oculus, Environment Design and Modeling, Module Creation with SME and real time project development using AR, VR.

We would be delighted if you could take out the time from your busy schedule to attend the program and share your thoughts and ideas with the attendees. We are confident that your presence would make the program a great success, and we look forward to hearing from you soon.

Thank you for your time, and we hope to hear from you soon.

Best regards,

Shivam

Course Objectives and Outcomes

One Week STTP on

"Real-Time Product Development using AR, VR & IOT"

Course objectives:

1. Describe basic concepts of AR, VR and IOT.
2. Infer AR, VR and IOT technologies for real time application development.
3. Understand basics of modern tools such as Arduino, blynk cloud space, Unity Game engine, Oculus.
4. Understand development of simulation Projects

Course Outcomes:

COs	Statements	Bloom's Level
1	Demonstrate the overview of Augmented reality, Virtual reality and IOT.	Understand, BL2
2	Apply the knowledge of AR VR and IOT for real time product development	Apply, BL3
3	Utilize the basic of Arduino, blynk cloud space, Unity Game engine, Oculus.	Understand, BL2
4	Develop Simulation Projects using AR and VR insight Oculus and electricity switch automation Project using IOT in real time.	Experiment create, BL4

Activity Report

About the Institute

Dr. Daulatrao Aher College of Engineering, Karad is established in 2008 by Dr. Ashok G. Gujar, as a part of Shri G. K. Gujar Memorial Charitable Trust's activities at Karad. The Institute is approved by the All India Council for Technical Education (AICTE), New Delhi, Directorate of Technical Education (DTE), Mumbai, and Government of Maharashtra and is affiliated to Shivaji University Kolhapur.

The Institute offers engineering programs in Civil Engineering, Computer Science and Engineering (CSE), Electronics and Telecommunications, Mechanical Engineering leading to B.E. Degree as per Shivaji University Curriculum. The Institute has dedicated faculty members and staff and is well equipped with laboratories. The Institute has received an ISO 9001 - 2008 and ISO 10002 - 2014 Certification and NAAC accredited with A-grade.

The main objective is to provide quality education to students of engineering. With this aim in mind the management, faculty and staff have commitments towards academic excellence and relevance. We at AGTTS DACOE, Karad believe in rational and visibility.

About STTP

STTP on "Real-Time Product Development using AR, VR & IOT" is being conducted at AGTTS DACOE Karad for faculty, Students, and research scholars. The course provides an overview of AR, VR and IOT concepts, Product development insight Oculus, Environment Design and Modelling, Module Creation with SME and real time project development using AR, VR.

Course Objectives

- Make attendees aware of AR, VR and IOT Technologies
- Help attendees with hands-on experience in development of real-time AR and VR
- Attendees will be equipped with the skills and Knowledge to venture further into exciting field of AR, VR & IOT

Course Contents

- Introduction to AR, VR and IOT
- Unity Installation
- Marker-based Augmented Reality
- Real-time AR and VR projects
- Project development in meta device

Resource Person

- Renowned Faculty from IT industries

Name and details of speaker:

Rahul Gupta, Founder and Director of IOFT (Institute of Futuristics Technologies), Mumbai

Objective of activity:

To provide an overview of AR, VR and IOT concepts, Product development insight Oculus, Environment Design and Modelling, Module Creation with SME and real time project development using AR, VR.

Benefit in terms of learning/skill/knowledge obtained: Students have prepared themselves in the field of AR, VR and IOT

Beneficiary:

Students and Faculty

Outcome/Remark: Students and faculty members learnt about latest trends in the field of AR, VR and IOT

Following contents are covered in workshop:

- Introduction to AR, VR and IOT
- Unity Installation

One Page Report

One week STTP on "Real-Time Product development using AR, VR and IOT" (7th August – 12th August 2023)

Event: One week STTP on "Real-Time Product development using AR, VR and IOT"

Resource Person: Mr. Rahul Gupta CEO, IOFT Institute of Futuristic Technologies, Mumbai.
Mr. Shivam Nimbalkar R&D Engineer, IOFT, Mumbai

Department of Computer Science and Engineering has organized **One week STTP on "Real-Time Product development using AR, VR and IOT"** on 7th August – 12th August 2023, for faculties and students. The inauguration ceremony of this course was blessed with imminent faculties of college & students and the resource person for this program **Mr. Rahul Gupta** CEO, IOFT, Mumbai. Head of CSE department **Mrs. S.P. Kakade** in her speech addressed all the audience by her precious words. she started with the need of awareness about AR, VR, and IOT among faculties and students. The workshop was coordinated by **Dr. P. M. Sheth** and **Mrs. J.P. Sarawade**. Total 40 participants (12 Faculty members and 28 students from Computer Science and Engineering department) were present.

- | | |
|--------------|---|
| Day 1 | a. Introduction to AR.
b. AR vs VR.
c. Unity Installation
d. Marker-based Augmented Reality
e. Real-time AR Project |
| Day 2 | a. Introduction of IOT
b. Real-time Application
c. How to Interface Different Components to Microcontroller |
| Day 3 | a. Real-Time Product Using AR & IOT
b. Introduction of VR
c. Physics |
| Day 4 | a. Modeling and Texturing
b. Environment Design |
| Day 5 | a. Introduction of Meta Device
b. Advance VR Development
c. Project development in meta device |

This one week STTP fulfils its prime objectives to aware the participants regarding AR, VR and IOT concept with hands on product development as well as to develop product inside oculus, module creation with SME and real time project development using AR, VR.

Your's faithfully

Mrs. J.P. Sarawade

Subject: Request for Approval of Partial Payment (50%) for Purchasing Hardware for the Establishment of AR/VR Lab

Dear Sir,

As per the communication held in the previous meeting we have got approval for the setup of the AR VR lab at Department of CSE.

In this line, as per the request of the vendor IOFT (Institute of Futuristic Technologies) has been requested for Partial Payment (50%) for Purchasing Hardware for the Establishment of AR/VR Lab. The AR/VR Lab is an essential investment, amounting to Rs. 122,000/- approximately. As per the request and need of IOFT the release of payment Rs. 61,000/- is requested to get sanctioned.

Thank you.

Sincerely,

Dr. P. M. Sheth

Sub: AR-VR Lab Establishment and Short Term Training Program (STTP) on AR -VR and IoT.

Dear Sir,

With reference to the proposal submitted by you dated 28/06/2023 & telephonic discussion. I am pleased to place the order for AR-VR Lab Establishment and Short Term Training Program (STTP) on AR -VR and IoT., the details of the same are as follows:

Description	Total amount (In Rs.)
AR-VR Lab Establishment and Short Term Training Program (STTP) on AR -VR and IoT. <u>Training period – 6 Days:</u> Covering establishment of lab setup and complete hands on and real time product development based on AR -VR and IoT as per the proposal submitted to Dr.AGTI's DACOE, Karad.	122,000/-
Price including of all taxes	122,000/-
Grand Total Payable	
Amount in words- Rs. One Lakh Twenty Two thousand only	
<u>Terms & Conditions:</u>	
<ul style="list-style-type: none">➤ All the relevant and appropriate training kits will be provided to students during the course of the programme by IOFT.➤ Date for Training from 31st July, 2023 – 5th August, 2023.➤ Lodging boarding will be borne by the college.	

Dr. Anwar M. Mulla

Why Augmented & Virtual Reality

1. **Job opportunities:** AR and VR are rapidly growing fields, with many companies in various industries investing in technology. As a result, there is a growing demand for professionals with AR and VR skills.
2. **Entrepreneurship:** AR and VR offer many opportunities for entrepreneurs to create new products and services, from games and entertainment to education and training.
3. **Immersive experiences:** VR can be used to create highly immersive and engaging experiences that transport users to different worlds and environments. AR can be used to enhance the real-world experiences of users by providing additional digital information and interactions.
4. **Improving productivity:** AR and VR can be used to improve the efficiency and effectiveness of tasks in a variety of fields such as manufacturing, maintenance, and repair.
5. **Enhancing education and training:** AR and VR can be used to create immersive and interactive learning experiences that can help to improve retention and understanding of complex concepts.
6. **Therapy:** VR can be used as a tool for therapy and treatment of various conditions such as PTSD, phobias, and pain management.
7. **Design and Creativity:** AR and VR can be used as a tool for design, visualisation, and prototyping in various fields such as architecture, product design, and filmmaking.
8. **Industry Adoption:** With the increasing use of AR and VR in areas like education, healthcare, entertainment, and industry, the demand for skilled professionals in AR and VR is increasing.

Invitation

Dear Mr. Rahul Gupta,

It is my pleasure to invite you to a one-week STTP on "Real-Time Product Development using AR, VR & IOT" that is scheduled to take place on 7th to 12th August 2023 at AGTI's Dr. Daulatrao Aher College of Engineering, Karad. The program is aimed at providing a platform for faculty, students, and research scholars.

The course provides an overview of AR, VR and IOT concepts, Product development insight Oculus, Environment Design and Modeling, Module Creation with SME and real time project development using AR, VR.

We would be delighted if you could take out the time from your busy schedule to attend the program and share your thoughts and ideas with the attendees. We are confident that your presence would make the program a great success, and we look forward to hearing from you soon.

Thank you for your time, and we hope to hear from you soon.

Best regards,

Head
Department of CSE
Head of Computer Science & Engg. Dept.
Dr. Daulatrao Aher College of Engineering

Subject: Appreciation Letter.

Dear Sir,

I would like to extend my sincere gratitude towards you for your valuable guidance to our faculty members and students on the occasion of one-week STTP on **"Real-Time Product Development using AR, VR & IOT from 7th to 12th August 2023** at AGTI's Dr. Daulatrao Aher College of Engineering, Karad. It was certainly a pleasant moment for us to meet you. Thank you so much for guiding us on a very important and critical topic – AR, VR & IOT.

The knowledge and insights you shared during the session were invaluable, and I found them to be incredibly helpful in shaping my understanding of the startup world. Your expertise and passion for the subject were evident in the way you presented the information. You made it easy for us to follow along and understand the concepts, and you took the time to answer all of our questions thoroughly. I am confident that good things will come from our joint efforts.

Thank you!

Best regards,

Subject: Request for Approval for AR/VR Lab Establishment to Improve Learning Experience in Laboratories

Dear Madam,

I am writing to request your approval for the establishment of an Augmented Reality (AR) and Virtual Reality (VR) Lab at our institution. The proposed lab will significantly enhance the quality of the learning experience in our laboratories, in accordance with NBA's Criteria 6.2 regarding the creation of additional facilities to improve educational outcomes.

The AR/VR Lab is an essential investment, amounting to Rs. 122,000 approximately. It will provide our students with a transformative learning environment that fosters interactive and immersive experiences. By incorporating AR and VR technologies into our curriculum, we will enable our students to gain practical skills, enhance their critical thinking abilities, and foster creativity.

I kindly request your support and approval for the establishment of the AR/VR Lab. I am available to provide any additional information or discuss this proposal further at your convenience.

Thank you for considering our request. I eagerly await your positive response.

Sincerely,

Prof. S. P. Kakade
Head, Dept. of CSE

About The Institute

Dr. Daulatrao Aher College of Engineering Karad is established in 2008 by Dr. Ashok G. Gujar, as a part of Shri G. K. Gujar Memorial Charitable Trust's activities at Karad. The Institute is approved by the All India Council for Technical Education (AICTE) New Delhi, Directorate of Technical Education (DTE) Mumbai, and Government of Maharashtra and is affiliated to Shivaji University Kolhapur.

The Institute offers engineering programs in Civil Engineering, Computer Science and Engineering (CSE), Electronics and Telecommunications, Mechanical Engineering leading to B.E. Degree as per Shivaji University Curriculum. The Institute has dedicated faculty members and staff and is well equipped with laboratories. The Institute has received an ISO 9001 – 2008 and ISO 10002 – 2014 Certification and NAAC accredited with A grade.

The main objective is to provide quality education to students of engineering. With this aim in mind the management, faculty and staff have commitments towards academic excellence and relevance. We at AGTI's DACOE, Karad believe in rational and visibility.

About STTP

STTP on "Real-Time Product Development using AR, VR & IOT" is being conducted at AGTI'S DACOE Karad for faculty, Students, and research scholars. The course provides an overview of AR, VR and IOT concepts, Product development insight Oculus, Environment Design and Modelling, Module Creation with SME and real time project development using AR, VR.

One Page Report

One Week Online FDP on "AI Digital Content Creation" (11th Dec 2023 to 16th Dec 2023)
(Under Lead College Scheme of Shivaji University Kolhapur)

Event : One Week Online FDP on "AI Digital Content Creation".

Resource Person: 1. Dr. Tanmay S. Dikshit, Cyber Sanskar Nashik.
2. Prof. Prachi Pisolkar, HOD, Journalism & Mass Communication,
KTHM College Nashik.

The Department of Computer Science and Engineering of DACOE Karad has organized a one-week online FDP on "AI Digital Content Creation" (December 11–December 16) under the Lead College Scheme of Shivaji University Kolhapur for faculty of various disciplines like engineering, arts, management, BCA, etc. The online inauguration ceremony of this course was blessed with the principal, vice principal, faculties of various colleges, and the resource person for this workshop, Dr. Tanmay S. Dikshit, Cyber Sanskar Nashik.

Content Creation aimed to equip educators with insights and practical skills in leveraging artificial intelligence for crafting compelling digital content. With the great efforts of the head of the CSE department, Prof. Kakade S.P., coordinator, Mr. Thorat N.A., and committee members, the course was successfully conducted. A total of 89 faculties are registered from various colleges throughout the state.

- Day 1: Focused on Chat GPT Content Generation.
- Day 2: Plagiarism checker AI detection
- Day 3: eBook generation for Amazon Kindle
- Day 4: Video Content Development for Cyber Sanskar
- Day 5: Creating Unlimited Money-Earning Strategies
- Day 6: Career opportunities in AI with other professions

one-week online FDP on "AI Digital Content Creation" (December 11–December 16) under the Lead College Scheme of Shivaji University Kolhapur fulfills its prime objectives to bring the faculties to be familiar with the overview of ChatGPT generations, plagiarism checking, ebook generation, video content development, and various money generation strategies with AI tools.
